

Extraordinary Catering

By Bristol Farms

What our customers are saying...

"What I love about Bristol Farms' Catering is they only use "Bristol Quality" ingredients and then they prepare everything from scratch... no shortcuts. The result is fabulous quality and absolutely delicious food presented beautifully. It's as though you spent all day making everything yourself, making sure it would be just right- but of course, you didn't- and the pressure disappears! It's just the BEST way to enjoy your own party or important gathering!"

Melinda Lee

Host, Food News with Melinda Lee, KNX 1070 Newsradio

"The USC Athletic Department has been working with Bristol Farms' Catering for several years now, and they do an exceptional job. We utilize their services to provide the catering for our biggest clients at our football game hospitality tents, as well as have them handle our corporate tailgate clients outside the stadium. Bristol Farms provides high quality service and demonstrates professionalism. The staff is outstanding and the level of care and attention to detail that they put into every event makes them, without question, the best choice for catering our events. I look forward to working with Bristol Farms for many years to come."

Jose Eskenazi

Associate Athletic Director, University of Southern California

"Not only does Bristol Farms have the freshest food, expert service and the ultimate high-quality products, their Catering Department does an extraordinary job of creating marvelous meals. If you're time starved, their ample selection of delicious take-home entrees, along with their impressive variety of catering options, is guaranteed to satiate you!"

Chef Jaime Gwen

TV & Radio Personality and Certified Sommelier, 97.1 The FM Talk Station

"I have worked with Bristol Farms for a number of years and they are absolutely the best, most professional in catering. Overall, they have the finest selection of food, wines and liquors. It is, without question, an 'Extraordinary Food Store' with an extraordinary catering staff. We look forward to our continued relationship with the great people at Bristol Farms".

Glenn Cooper

Senior Sports Marketing Executive, ESPN Radio

"Bristol Farms is by far the best catering anyone can ask for. They take care of everything, from helping with menu selection offering the most delectable food, to the presentation providing ideas to suit the occasion. Whenever we need something catered, the first company that comes to mind is Bristol Farms. We cannot say enough about how much we have enjoyed and still look forward to working with Bristol Farms' Catering".

Adam Wald

Assistant Athletic Director for Development, CSULB Athletics

"For the past eight years, I have engaged Bristol Farms' Catering as the on-course restaurant for the "Friends of Golf" tournament at Bel Air Country Club. The food and the presentation are absolutely spectacular. Melinda Race and her teams are second to none when it comes to a task of this magnitude. I also use Bristol Farms for all of my personal catering needs. As a realtor, I host many broker and client parties and only the best will do! What would I do without Bristol Farms?"

Sharon Hills

Prudential California Realty

Board of Directors, Friends of Golf

"I have worked with Melinda Race, Event and Catering Director for Bristol Farms, for the past 5 years. We use Bristol Farms to coordinate the food preparation and culinary services for our prestigious events, The Lobster Festival, held annually in Redondo Beach and The Long Beach Crawfish Festival. The food preparation and coordination for these events is difficult as it requires a high degree of experience and skill. The handling and preparation of ten thousand servings of fresh seafood is a daunting task, one that Bristol Farms adroitly performs."
