Named “BEST WINERY IN NORTH AMERICA” by the Discoverer Blog, PEJU Winery began with Tony Peju daring to sell wines in an informal facility: the garage at their vineyard estate in Rutherford, Napa Valley. A lengthy legal battle ensued and Peju persisted: this became the catalyst for Napa County to create the legal definition of what a winery is, which was adopted in 1991. It is no wonder that Tony is called “The Father of Custom Crush”. For nearly four decades, the commitment to crafting wines of distinction has remained at the heart of the PEJU winemaking philosophy. Their Napa Valley estate properties provide them with the foundation to make world-class wines. Dedicated to making classic wines that reflect the unique character and quality of their estate vineyards, winemaker Sara Fowler strives to understand the opportunities presented by each specific terroir and microclimate. By breaking down each property into individual vineyard blocks, Sara’s goal is to harvest when the flavors have reached their peak and the tannins are at their softest.
