Taste the Difference

The story of First Light Wagyu starts with their ranchers. In New Zealand, a dedicated collective raises cattle on open pastures, prioritizing the well-being of the animals above all. This approach—roaming free, with fresh air and sunshine—yields certified humane, non-GMO Wagyu. It's renowned for its intense marbling, creating an unparalleled tender and flavorful eating experience.

DELI AND CHEESE DELIGHTS

3 Little Pigs

JAMBON DE PARIS

Crafted from a classic French recipe, 3 Little Pigs Jambon de Paris is delicately seasoned and slow-simmered in its own juices. This traditional method creates a mild, savory flavor that's perfect for a gourmet sandwich or a sophisticated charcuterie board. It's a lighter option with less sodium, proving that great taste doesn't require compromise.

Sky Top Organics

A2 CHEESE

For those with dairy sensitivities, here's a delicious alternative. A2 cheese is made from milk that naturally contains only the A2 beta-casein protein. This omits the A1 protein, which some may find difficult to digest. And it's sourced from third-generation Amish farms, where a deep reverence for the land guides every practice.
