BRISTOL FARMS WINE & SPIRITS CATEGORY BUYER SHARES HER MONTHLY FEATURED BRAND

New Zealand Sauvignon Blanc

Cool Climate • Pure Expression • New World Charm

This August, we invite you to take a refreshing detour to Latitude 41° South, where the vineyards of New Zealand meet the sea. It's here, in the heart of Marlborough and beyond, that Sauvignon Blanc finds its most vibrant and expressive form.

With bright notes of grapefruit, passion fruit, lime zest, and fresh herbs, New Zealand Sauvignon Blanc is the ultimate summer refresher. It's crisp, clean, and full of energy, making it a natural match for oysters, ceviche, grilled veggies, sharp cheeses, and much more.

At Bristol Farms, we've handpicked a selection of standout bottles that showcase the purity and precision of this world-class varietal, from iconic names to boutique discoveries. Whether you're hosting a coastal dinner party or simply enjoying a glass on the patio, these wines bring a taste of New Zealand's cool-climate magic to your SoCal summer.
