

CDC CHANGE IN GUIDANCE | FACE MASKS

On May 13, 2021, the CDC updated their face mask guidance. In addition to relaxing restrictions on fully vaccinated people, the guidance also states that these parameters are in effect **except where required by federal, state, local, tribal, or territorial laws, rules, and regulations, including local business and workplace guidance.**

As we have throughout the pandemic, we are constantly monitoring updates and our locations abide by state and local regulations.

For stores within Los Angeles County, we are following the guidance of Los Angeles County Health Department: **when at businesses and in crowded venues, both indoors and outdoors, masks are still required to be worn by everyone.**

For all stores, we also follow guidelines from the California Department of Public Health. The relevant protocols are:

People in California must wear face coverings when they are in the high-risk situations listed below:

- Inside of, or in line to enter, any indoor public space
- Engaged in work, whether at the workplace or performing work off-site, when:
 - Interacting in-person with any member of the public
 - Working in any space visited by members of the public, regardless of whether anyone from the public is present at the time

The safety of our guests, team members, and vendors remains our priority, so we will continue to require the wearing of face masks at all locations.

If you choose not to wear a mask, we offer the following solutions:

- You may give us your list and method of payment and we will shop for you
- We have online shopping options: Instacart and Bristol Farms Home Delivery
- You can call in your order and give us your method of payment when you come to pick up at the store

Customers failing to comply may be asked to leave by staff. If you have further questions or concerns, please email us at hello@bristolfarms.com
